Tina M. Lundell
U.S. Army Corps of Engineers
Portland District, CENWP-EC-HR
P.O. Box 2946
Portland OR 97208-2946

Dear Ms. Lundell:

This is in response to your 30 January 2018 letter requesting approval for access to Bonneville Dam to conduct a Corps funded research "Lower Columbia River Forebay Temperature Monitoring – Phase 1. In 2018, Phase 1, "Temperature Depth Profile Monitoring" will occur near the fishway exits at Washington Shore and Bradford Island exits both on land and within the boat restricted zones (BRZ).

With respect to the work outlined above, your request is generally approved, provided you are able to obtain all necessary permits and certifications. No work may begin until the required documents are on file with Mr. Brian Bissell and Ms. Erin Kovalchuk.

Prior to beginning work, please arrange a meeting with Mr. Bissell, 541-374-7984. Please remain in contact with Mr. Bissell throughout your time at the dam. There are many researchers and contractors working at the dam, please work to ensure good communication and cooperation between agencies and organizations.

A copy of this letter has been posted to NWP Access Responses found at
<http://pweb.crohms.org/tmt/documents/FPOM/2010/NWP%20Research/Research.html>
If you have questions regarding this correspondence, please contact Mr. Bissell via e-mail
brian.m.bissell@usace.army.mil or by phone at 541-374-7984.

Sincerely,

TONY R. KIRK
Operations Project Manager
Bonneville Project
