Re: IACUC-2018-17 *Migration behavior of adult Pacific lamprey in the lower Columbia River*

Your animal care and use protocol for the project shown above was reviewed and approved by the Institutional Animal Care and Use Committee on 04/18/2018.

The original approval date for this protocol is: 04/18/2018
This approval will remain in effect until: 04/17/2019
The protocol may be continued by annual updates until: 04/17/2021

Federal laws and guidelines require that institutional animal care and use committees review ongoing projects annually. For the first two years after initial approval of the protocol you will be asked to submit an annual update form describing any changes in procedures or personnel. The committee may, at its discretion, extend approval for the project in yearly increments until the third anniversary of the original approval of the project. At that time, the protocol must be replaced by an entirely new submission.
