

YAKAMA NATION
SCIENTIFIC COLLECTOR'S PERMIT

1. This Scientific Collector's Permit is issued by authority of the Yakama Nation pursuant to its status as a self-regulatory manager of fish and wildlife resources.
2. The undersigned agencies, entities, or persons are authorized to take fish and wildlife species listed below for scientific purposes only, subject to the conditions of this permit.
3. This permit is non-transferable. Agencies, entities, or persons not listed on this permit may not collect fish and wildlife species under authority of this permit.
4. A report of take must be completed and returned to the tribal Fisheries Resource Management Program at termination of sampling activities.

CONDITIONS:

Location, species and number to be taken: Lower Columbia River Hydro Projects, Bonneville (up to 2235), The Dalles (up to 1056), and John Day (up to 829) and up to 2000 from Priest Rapids, and 300 from Rocky Reach; Species - Pacific Lamprey; in total up to 4121 adults from Lower Columbia and up to 2300 adults from Upper Columbia to trap and haul.

Purpose of collection: Primarily for translocation, but some for artificial propagation, passage studies, and other restoration and critical research needs.

Disposition of catch: Once adults are transferred to aerated fish totes, they will be transported either to the translocation stream/river directly or to Prosser Hatchery prior to translocation release or propagation (unless a specific need exists to transfer the fish to an alternative facility). Most of these lamprey will be released in the Yakima (up to 1,250), Wenatchee (up to 1,250), and Methow (up to 1,250) subbasins, or mainstem Columbia River further up river (up to 2,500). Some may be released in other subbasins as needed for passage studies or supplementation, including Klickitat and/or Entiat subbasins (up to 500).

Agency, entity, or persons authorized to take fish and wildlife under this permit:

Yakama Nation Fisheries Resource Management Program, Pacific Lamprey Project (Ralph Lampman, Tyler Beals, Dave'y Lumley, Sean Goudy, Leona Wapato, and other crew members). CRITFC staff (as translocation partner).

Dates or duration of sampling activities (not to exceed current year): May 1, 2018 to December 31, 2018

Other specific conditions: None

Signature of Authorizing Official:

Gerald Lewis

Gerald Lewis, Chairman
Fish and Wildlife Committee
