Joe Miller  
Four Peaks Environmental Science & Data Solutions  
PO Box 3312  
Wenatchee, WA 98807

Dear Mr. Miller:

This is in response to the Four Peaks Environmental memorandum dated 01 April, 2019 requesting approval from the U.S. Army Corps of Engineers (USACE) to access fish count stations and utilize equipment at the Bonneville Project. Fish counting will occur at the Bradford Island, Cascade Island, and Washington shore fish ladders at Bonneville Dam. Full-time access is needed to these facilities to meet research requirements.

With respect to the objectives outlined above, your request is approved. Please follow the guidance in USACE contract No. W912EF19C0002 and continue to communicate with contract CORs Chris Peery and Bob Wertheimer.

Prior to beginning work, please arrange a meeting with Mr. Andrew Derugin, 541-374-4020, [Andrew.G.Derugin@usace.army.mil](mailto:Andrew.G.Derugin@usace.army.mil). Please remain in contact with Mr. Derugin or Mr. Hausmann, 541-374-4598, throughout your time at the dam. There are many researchers and contractors working at the dam, please work to ensure good communication and cooperation between agencies and organizations.

A copy of this letter has been provided on <http://pweb.crohms.org/tmt/documents/FPOM/2010/NWP%20Research/Research.html>. If you have questions regarding this correspondence, please contact Mr. Derugin or Mr. Hausmann via e-mail or by phone.

Sincerely,

Michael D. Adams, P.E.  
Operations Project Manager
