

SCIENTIFIC COLLECTOR'S PERMIT

1. This Scientific Collector's Permit is issued by authority of the Yakama Nation pursuant to its status as a self-regulatory manager of fish and wildlife resources within its ceded lands.
2. The undersigned agencies, entities, or persons are authorized to take fish and wildlife species listed below for scientific purposes only, subject to the conditions of this permit.
3. This permit is non-transferable. Agencies, entities, or persons not listed on this permit may not collect fish and wildlife species under authority of this permit.
4. A report of take must be completed and returned to the tribal Fisheries Resource Management Program at termination of sampling activities.

CONDITIONS:

Location, species and number to be taken: To support CRITFC member tribes' Pacific lamprey translocation programs, adult Pacific lamprey will be collected in 2022 through trapping operations at Bonneville (BON), The Dalles (TDA), and John Day (JDA) dams on the lower Columbia River. Collections will occur from late May through early September in accordance with the CRITFC Tribal Pacific Lamprey Restoration Plan Guidelines for Translocation (under revision). CRITFC will closely monitor adult collection numbers and provide weekly updates as well as final collection numbers at the end of the season.

Disposition of catch: All adult Pacific Lamprey will be collected and held for up to 28 days in tanks at the Oregon Dept. of Fish and Wildlife Bonneville Hatchery Captive Broodstock Building until being transferred to CRITFC member Tribe biologists. Some short-term holding (less than 48 h) may occur in holding tanks at the BON Adult Fish Facility and/or the JDA Smolt Monitoring Facility. CRITFC member tribes will transport lamprey in oxygenated tanks to their respective holding facilities and ensure the health of lamprey during transport.

Agency, entity, or persons authorized to take fish and wildlife under this permit: Columbia River Inter-Tribal Fish Commission and the following staff: Laurie Porter, Greg Silver, Devayne Lewis, and any temporary staff (that have not yet been hired).

Dates or duration of sampling activities (not to exceed current year): May 1, 2022 to September 30, 2022
